ABOUT

I am Rahul, a second-year Artificial Intelligence student at K.G. Reddy College of Engineering and Technology, with a strong interest in software development and web technologies. I have developed a solid foundation in Python programming and earned a Gold Rank on HackerRank through consistent problem-solving and algorithmic challenges.

Currently, I am expanding my expertise in Full Stack Development with Python and deepening my understanding of Data Structures and Algorithms (DSA). I am passionate about leveraging technology to create innovative solutions and continuously enhancing my technical skill set.

I'm looking forward to connecting with others in the field, learning from them, and contributing to the future of tech.

OBJECTIVE

Aspiring software developer seeking opportunities to leverage my coding skills and technical knowledge in Python to contribute to innovative projects and grow within a dynamic and challenging environment.
